P

Hand reference is invited to letter No 444 dated 3rd August 20 from the President Down Municipal Commissioners - stating that the amount so far obtained on account of the Water Supply Scheme Amounts to £7000 and that the Surplus has been invested in the Savings Bank carrying 3% interest - While the municipality has to pay 6% interest

The proposal to convert the amount on 6% State loan was ~~ordered to be dropped~~ ~~not proceeded~~ as the municipality desired that the question need not be pursued

Attention is also invited to financial opinion recorded on May 19 on Pmd 87-20 at 7-27

Submitted for orders

Yes

It is true the work has been dropped & the amount of loan raised. The question of transferring the amount of the State loan of £9 20 was raised but dropped. The loan like £9 20 in the subsequent year have both been now closed - It is doubtful if the hire is

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

G.R.S. III—5]

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

2/2/24

now appears to consider the retirement of the borrowment by the subscribers - It is doubtful if the municipality can do this under the terms of its loan application - this point will be specially examined if necessary after obtaining & filing the connected papers

(H Grey)

(a) Interest can not come out of Capital account and unless payable should be paid from the annual revenues of the municipality - I am quite aware of the condition of coins of loan permit of refund under Course of the lenders agreement, this money can be returned if the money can not be returned the first thing to be considered is the effect that the expense of the loan is undermining and thus result should be secured by making the annual rent account bear the net interest charge the next thing to be done is to see the amount for the original purpose of the loan is possible, if necessary by raising a further loan for meeting the total demand or new estimates - or to use it for some other Capital object which will give an adequate return to meet the loan service charges on it

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

2) The first point to be considered is if the Municipality does not need this amendment in the near future — say 2 or 3 years hence of not now — & if does it is not advisable to refund the money now — I do not think the Municipality can borrow at less than 6% in the next few years

3) The train on municipal revenues on account of diff bet^n interest earned and interest payable bondholders has of course to be stopped — The money can be made to earn 6% interest if invested in 6% state bonds which are now quoted at about par & will be no difficulty or delay in these bonds when the municipality wants money for its Water Supply project. and 6% 2

(2) It is perhaps necessary to have a copy of the Debentures should be passed drawing Two upon them. The file may be sent to the S & R Branch for putting up the same

(3) Please see Page 3 on the limited file for Govt further

The loan and the terms on which the
floated are a matter of Contract between
the Municipality and the Subscribers to the loan
the fresh standing Security or guaranteeing the
payment of the loan & interest as it accrues.
Unless there is a provision or a Substitution
of this Contract with the Consent of the Subscribers,
the terms cannot be altered. Govt have no
power, either under any law in force, or under
the terms of the loan, to extend the term. The
loan-bond is a negotiable instrument payable
in 1931, and does expressly state therein that
the Subscribers will not be entitled to any interest
after 1931. When the period of the loan expires
& there is no payment then, the bonds will have
been 'dishonored'. There is no instance of any extension
of the term fixed, either in England or British India
what-so-ever, in a loan so floated prior to the expiry
of the term, and the bonds are declared "Convertible"
(ie) are accepted as subscription to the fresh loan,
very often on advantageous terms, as an incentive
to bond-holders to subscribe to the new loan, rather
than take payment.

As regards the proposed starting of
a Sinking Fund, with a deposit of Rs 200/- a year,
the amount is absolutely inadequate. There are
two principles on which a Sinking Fund depends-
(1) The amount to be deposited in any year, is calculated
on the amount of the loan, irrespective of the number of
years, there is one, or two at the expiry of the term
there is full amount available for payment. The interest
on the deposit, is at the disposal of the municipality- this
is the safest course

Serial No

(2) The amount is calculated in such a manner that the payment of [illegible] each year [illegible] of the loan. The [illegible] amount [illegible] about Rs 30,000 [illegible] the loan [illegible] the [illegible] that [illegible] in 1930 [illegible] or for the Govt to grant a loan to [illegible] to enable it to pay off the [illegible]

[illegible]

The term of the period for repayment of the loan cannot be extended by Govt as [illegible] the Govt are not [illegible] to change the terms of [illegible]

10473
30/6

[illegible]

The Municipality may [illegible] the terms of the loan

Letter No 184 dated 14th October 1922 from the President, Chitaldrug Municipality, to the Deputy Commissioner, Chitaldrug District

With reference to your No C 358/71 21-22 dated 26 th June 1922 calling for information on certain points in connection with the Chitaldrug Town Water Supply Loan, I have the honor to state as follows -

1 As regards the payment of the difference of interest between the rate (3%) payable to the subscribers and the Savings rate (5%) it is being paid by current Revenues of the Municipality

2 The total amount of interest paid up to date to the Debenture holders up to 4910-1-71

3 As regards the net interest charge to be borne by the Municipality annual revenue, a copy of the Resolution passed by the Council at the special meeting held on the 9th July 1922 is herein enclosed for information

4 No action has been taken in respect of repairing Doddannanakere and there was another proposal of improving the existing water supply source. A copy of the Resolution passed by the Council in this behalf at their meeting held on 23rd September 1922 is also herewith forwarded

'COPY'

13	" S.Veerabhadrappa	

Subject No. 1 Regarding the Water Supply project to the Chitaldrug Town.

(a) Restoration of Thimmammakankere and Vaddu and providing filter bed.

(b) Returning of Water Supply Loan

(c) Praying for the grant of contribution from Government for the restoration of the above Tanks

(d) Introduction of General Water Tax

Resolution a.b.c. In the light of the directions given by the Dewan when he met the Municipal Councillors informally at Chitaldrug, the scheme prepared by the Executive Engineer was discussed in detail and considered carefully and it was resolved unanimously that as advised by the Dewan a sum of ₹ 68,000/- out of the Loan amount, may be returned to the subscribers and that the scheme with regard to the improvement of the existing sources of water supply and providing a Filter Bed be submitted to Government with the request that the Government would be pleased to sanction a grant of ₹ 35,000/- towards the cost.

d. Resolved that early action may be taken to levy the general Water Tax and to revise the Mohatarfa Tax

Sd/ A.K. Syed Taj Peeran

For President,

Town Municiaplity, Chitaldrug.

V.

Extract from the proceedings of the meeting of the Chitaldrug Town Municipal Council held on the 8th July 1922

Subject No. 3 . Regarding the repayment of Water Supply Loan amount.

Resolution. Resolved that as the proposal of the Executive Engineer with regard to the improvement of the existing water supply and providing Filter Beds etc. have not yet been received, the Council is not in a position to decide whether the loan is to be retained or returned However, it is suggested that the difference in interest which was hitherto being paid by Government and the Municipality in the proportion of 3:1 should be exclusively borne by the Municipality. The Council is of opinion that they may be permitted to invest the loan in some Bank which can give 6% or 5½% at least to cover up the difference.

"Extract"

For President,
Town Municipality,
Chitaldrug.

No.R.4556 dated 29th September 1920.

To

The Deputy Commissioner,
Chitaldrug.

Sir,

With reference to your letter Ref.C.No.66 ml.20-21 dated 31st August 1920 on the subject of the conversion of the Chitaldrug Town Water Supply Loan into the New State Loan I am directed to observe that though the main Water Supply project might have to be deferred for the time being owing to financial considerations yet it is necessary to improve the existing system of water supply in the town .

1. by removal of silt from the reservoir and necessary conservation.

2. by the installation of a filter (eg. Jewell Force)

3. by the renewal of pipes wherever necessary

4. by increasing the No.of Public Fountains House connections - however need not be given before drainage system is first introduced

I am further to observe therefore that the sum already collected is likely to be required for expenditure before long and that - Government do not think it desirable to lock it up in the State Loan.

2. Under the circumstances I am to request that the matter may be placed before the Municipal Council once more for consideration in the light of the above observations and their resolution submitted for the orders of Government.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. H.V.Ramaswamaiya.

Sir,

With reference to correspondence ending with your D.O.No.L.2794 dated the 20th October 1923, re the Chitaldrug Town water supply project, I have the honour to inform you that the Executive Engineer, Water Supply Construction Division is giving his earnest attention to it and hopes to complete the project in all respects by the end of November 1923.

2. The success of the scheme depends entirely on the yield from the source of supply now proposed, and it is necessary to investigate this question thoroughly and this cannot be hurried.

3. The project will be submitted to Government by the first week of December 1923.

I have the honour to be,
Sir,

To The Chief Engineer
Port,

Dear Sir,

On 23rd Sept 1922 the Chief Town Municipality Chintadrepet proposed to Madras Govt out of the Madras Town Water Supply Loan of Rs 138,875 retaining Rs 70,875 for the project of improving the existing Sources of Water Supply. On this file being ordered to the Govt he was pleased to order that the project may be called for. This file was dealt by us on receipt (Ms No 48 dt 5-12-1922) and the connected file

In connection with the proposals of the Corporation of Madras to avoid depletion of the Chintadrepet Town Water supply Loan found, the Govt has ordered [illegible] orders could not be passed before securing the Water supply project and the above proposals are pending and delay before Govt. In these circumstances I am to request you to be good as to submit the project already furnished by you long ago, without further delay.

Yours &c
over

Enclosure No. 1

Sir,

With reference to your letter No. 7253/Mi.150-23-6 dated 9th April 1925 calling for the views of the municipal council, Chitaldrug in the matter of the repayment of the loan raised for the water supply scheme of Chitaldrug town, have the honor to state that no amount was being set apart hitherto towards the repayment of the loan. The President, however, now states in his letter No.942 dated 15th May 1925 that the council has resolved at a meeting held on 27th April 1925 that a sum of Rs 2000 should be set apart annually for the purpose and that if in the meanwhile, the term of the loan expires, the Government may be requested to extend afresh the period of repayment of the loan (vide copy of the resolution of the council enclosed)

Accordingly a sum of Rs 2000 has been provided for the purpose in the budget estimates for the year 1925-26 forwarded

to Government with this office No.C.235/Pl.24-25 dated 14th May 1925.

Dear Sir,

Your D O No 8880 dated the 12th May 1924 re water supply to Chitaldrug Town

The project is under scrutiny and could not be disposed of last month as I anticipated as I was out on circuit during the greater part of the month

I shall pass orders on the project before the end of the current month if possible

Yours sincerely,

K V Anantaraman, Esq B A ,
Secretary to Government,
Revenue Department
